Targa Newfoundland 2007 Party Tape Order Form

Remember the best and not-so-best of the Targa Newfoundland 2007!

Mistakes are part of the week-long Targa Newfoundland. It's a long event with endurance and resilience a big part of what you need to win. When things go wrong, and they surely do, sometimes you get caught on camera!

The Party Tape is shown at the closing Gala Banquet on the Saturday evening following the end of competition. Every year it's one of the biggest highlights of the evening. Like previous years, we'll also make the Party Tape available for purchase after the event so that you'll have your very own copy, perhaps to show at a club event.

In addition to the Party Tape itself, the Party Tape DVD will also include the high-adrenaline, two-minute start-to-finish view of the Targa Newfoundland.

Because of the low volumes of this product, the DVDs are DVD-R media burned on a computer instead of commercially-pressed DVDs. This DVD is for sale only to Targa Newfoundland participants.
